

REGULAR WORKSHOP

JUNE 24, 1991

The Board of County Commissioners, Walton County, Florida, met in a regular workshop session on Monday, June 24, 1991, at 8:00 A.M., in the County Commission Boardroom of the Walton County Courthouse.

The following Board members were present: Chairman Sam Pridgen, Commissioner Gordon Porter, Commissioner Wilson Holley, and Commissioner Robert G. Fleet. Vice-Chairman W. F. Miles was absent due to a prior engagement. The County's Administrative Supervisor, Mr. Ronnie E. Bell, was also present.

Chairman Pridgen opened the workshop for discussions.

Mrs. Shirley Ward appeared before the Board and presented the ARC proposal for composting paper goods for the Walton County recycling program. Mrs. Ward requested the Board designate the fourth and fifth years grant monies to be used for ARC composting. The Board feels they need more information on the project before a decision can be reached.

Commissioner Fleet discussed Mrs. Barbara Grimaldi's request to change the name of Ponce De Leon Street to Miramar Beach Drive. Commissioner Fleet stated that there is one descending voice to Mrs. Grimaldi's request. This will be discussed in tomorrow's Regular Meeting.

Chairman Pridgen adjourned the Workshop.

APPROVED: _____

Sam Pridgen, Chairman
