

The Board of County Commissioners of Walton County, Florida, met in regular adjourned session on this Wednesday, August 10th, 1932, pursuant to adjournment of August 9th, 1932, with the following members present and participating,- Dr. L F Cawthon, Chairman, L E Laird, J. E. Bowers, H. Lancaster, and Hiltz Crook, being all the members of said Board and M. T. Fountain, Clerk, together with S. M. Preacher, County Assessor of taxes for said county.

Resolution offered and its adoption moved by Commissioner J. E. Bowers, seconded by Commissioner H. Lancaster.

Whereas, Walton County with the aid of the State Road Department of Florida, has constructed a road known as State Road No.60, from DeFuniak Springs, Florida, to the Alabama-Florida line near Samson, Alabama, which is now being maintained with the prospect of being hard-surfaced in the near future, and

Whereas, at the time of the location of said Road No. 60, there was a tacit understanding that the State of Alabama would build a connection with said road, thereby affording the people of Florida an outlet to Montgomery, Alabama, and the citizens of Alabama an outlet to the Gulf Coast in Florida by a far more direct route than is now available, all to the advantage of the citizens of both States, and

Whereas, we are now informed that the State of Alabama is about to begin to utilize available funds for the extension of its road system,

THEREFORE, BE IT RESOLVED, that this Board respectfully request and urge the authorities of the State of Alabama, to include in its new program of road construction, the connection of its highway running from Opp to Samson, Alabama, with Florida State Road No.60, at the Alabama-Florida line near Gaskin, Walton County, Florida.

BE IT FURTHER RESOLVED that a copy of this resolution, certified by the Clerk of this Board, be forwarded to Honorable L. G. Smith, care of State Highway Department, Montgomery, Alabama, and to the State Road Department of the State of Florida, with the request that the latter add its request to that contained in this resolution and that advice as to such action be forwarded to the Highway Department of Alabama, with such further recommendations and requests as may be deemed proper, to the end that the two States may have the advantage that such improved highway may afford.

Upon passage of the resolution, the vote was as follows:- FOR the resolution:- J. E. Bowers, H. Lancaster, L. E. Laird, H. Crook and L. F. Cawthon. AGAINST the resolution,- None.

There was present at said meeting, J. E. West, County Surveyor of Walton County, who was employed by the County Commissioners to furnish them information as to the value of lands, together with timber or other improvements thereon.

The Board of County Commissioners, sitting in their capacity as a Board of Equalization at the Clerk's office in the town of DeFuniak Springs, Walton County, Fla., with S. M. Preacher, Tax Assessor of Walton County, and the Tax Assessor having presented his book showing its assessed valuation of property for examination by the Board, in compliance with the requirements of the laws of Florida, and the Board of County Commissioners having given due notice of this recess meeting as required by law, the County Commissioners, sitting as a Board of equalizers for the purpose of hearing complaints and receiving testimony as to the value of any property, real, personal or mixed as fixed by the County Tax Assessor of taxes for assessment for taxes for the year A. D. 1932, the owner and agents of property who should appear would be given the privilege of making statements as to the valuation of any property owned by them and no one appearing at said meeting for such purpose the Tax Assessor and the members of the Board of County Commissioners having fully discussed the facts as presented and upon an examination of the 1932 assessment roll decided to equalize or increase the valuation upon the following described property, covering certain parcels of lands as follows, to-wit:
